Brakes, brake disks and pads residues.

All mechanical parts and systems

Lever, axles, mechanisms, fork and shock absorbers, chain stops and adjusters, oil, grease, tar residues... etc.

Suitable for conventional and electric bikes.

PERFORMANCES

MOTUL® Brake Clean is a solvent free water based, powerful and quick-drying brake cleaner for bicycles.

Specially formulated with readily biodegradable ingredients to clean brakes, brake disks and pads residues, MOTUL® Brake Clean also removes dirt and greases from brake disks.

Restores breaking performance and get rid of unpleasant squealing.

Dissolves oil, grease and tar. Leaves no marks.

Evaporates very quickly leaving no marks.

100% recycled and recyclable plastic bottle.

RECOMMENDATIONS

Shake before use.

Spray from a short distance on the areas to be cleaned.

Respray on very dirty areas.

Evaporates very quickly.

Since MOTUL® Brake Clean is very powerful, it is not recommended to use it on plastics, painted or varnished surfaces.

In case of use of MOTUL® Brake Clean on plastic, painted or varnished surfaces, then wipe off immediately with a soft and dry cloth.

MOTUL BRAKE CLEAN

Powerful solvent free water based degreaser for bicycle brakes and mechanical systems
Bottle with trigger spray – 300 ml

- For regular cleaning:

Spray MOTUL® Brake Clean over the brake disk and scrub with a cloth.

- Pro's tip:

Disassemble the brake disk, spray MOTUL® Brake Clean, scrub with a cloth and reassemble the brake disk.

SECURITY

Refer to the MSDS - Material Safety Data Sheet and the information mentioned on the packaging.
