

MOTUL CHAIN LUBE WET

Lubricant for bicycle chains – Wet conditions
Bottle with dropper nozzle – 100 ml
Ester technology

TYPE OF USE

MOTUL® Chain Lube Wet lubricates all types of bicycle chains fitted on city bikes, road bikes, mountain bikes,...etc used in wet rainy conditions.

Using Ester technology, MOTUL® Chain Lube Wet brings the highest standards of lubrication for bicycle chains, drivetrain, cassette, cranksets, derailleurs...etc. and does not wash off in humid conditions.

Suitable for conventional and electric bikes.

PERFORMANCES

MOTUL® Chain Lube Wet is an organic base lubricant using non-fossil renewable materials and reinforced with Ester base stock to guarantee anti-wear properties.

The Ester technology features optimized polarity for maximal adherence to the chain, particularly needed in humid conditions. It reduces friction and power loss in order to keep drivetrain running smooth and quiet in all conditions and especially when wet.

MOTUL® Chain Lube Wet is specially formulated using biodegradable ingredients and is also enhanced with Boron Nitrides to provide excellent anti wear properties to protect the drivetrain and increases the chain and drivetrain durability.

High resistance to water and rust. Does not wash off in humid conditions.

No action on seals.

100% Bio-sourced and recyclable plastic bottle.

RECOMMENDATIONS

Shake well MOTUL® Chain Lube Wet bottle before use.

After cleaning your chain with MOTUL® Chain Clean, use MOTUL® Chain Lube Wet by applying the product to the inside chain links while spinning the pedals in a reverse motion.

MOTUL® Chain Lube Wet adheres completely after a few minutes.
